3rd Annual Workshop of the Cebama project

17th - 18th April, 2018

Westotel, Nantes, France

Collaborative Project within the
EUROPEAN COMMISSION /
HORIZON2020

www.cebama.eu

General Information

The 3rd Annual Workshop of the Collaborative Project Cebama will be held in Nantes, 17th to 18th April 2018 and will be hosted by Subatech.

Cebama addresses key issues relevant for long term safety and key scientific questions related to the use of cement-based materials in nuclear waste disposal applications.

The project is implemented by a consortium with 27 Beneficiaries from EURATOM Signatory States, Japan and Switzerland. National Waste Management Organizations contribute to the running project by participation in the End-User Group, by co-funding Beneficiaries, and provide for knowledge and information transfer.

More info in www.cebama.eu

Workshop objectives

This workshop aims at providing a forum for discussion of scientific and technical project results, preparing for periodic reporting and planning on future project program.

The Project Workshops contribute to integration within the project and communication with a broader interested community.
