SITEX: the expertise function and its interactions

The attempts of WMOs towards the integration of TSO needs in the WMO, research Programmes

- possible interactions between IGD-TP and potential TSO network, concerning R&D

(consider also the specificities of TSO position in your country and how independent Safety case review is going to be performed)

- what could be shared between WMOs and TSOs
- what subject should remain in WMO's or TSO's scope
- independency of expert function
