

Conclusions

- Comprehensive and "honest" presentation of the situation in Spain and in Ukraine
- Interesting presentation regarding the future of EC's "model" for supporting R&D in the field of geological disposal ...followed by a
- Panel with presentations on the work ongoing in JOPRAD by TSOs, Research entities and WMOsfollowed by a panel discussion

Conclusions

- 4 working groups (fuel, bentonite, optimization/industrialization, canister)
- History of the situation in the Czech republic and the content of the TRACK proposal
- Lessons learned from 3 projects (BELBar, LUCOEX, DOPAS)

Conclusions

- The Exchange forum "model" is still attractive
- The forum have given opportunities to discuss scientific and technical issues among many stakeholders
- Working group discussions have been valuable for the preparation of joint projects and activities
- The forum have been a good source for information for the EC
- The outcome from JOPRAD will be interesting and important for future joint research finance from EC

Conclusions

- The future of the IGD-TP will be discussed
- The Executive Group (EG) will continue
 - ✓ New chair for 2017-2018 is Jon Martin (RWM)
 - ✓ New secretary general -"- Rob Winsley (RWM)
 - ✓ New assistant secretary -"- Johanna Hansen (Posiva)
- Funding of the secretariat will be shared among the 11 WMOs
- Future of exchange fora is unclear

Thank you Enresa for your hospitality and for a well organised forum !

Thank you all presenters and working groups!

I hope we will meet again !
